

I Wish I Knew Man

(Music and lyrics by John R. Rudisill and Leslie E. Bruggeman)

Chorus

I uh I wish I knew a man who could do the right no matter what the fight.
I uh I wish I knew a man who could do the right :no matter what the fight.

Verse 1

Adam fell to sin like other men and couldn't do right.
He tried his best with all his might.
We would do the right but can't succeed be-cause of our-selves.
We are sinful men lost in sin.

Bridge

God's strong but we're weak, seek Him now, let Him speak.
He can lead us to, a life that is good and right!

Chorus

I uh I wish I knew a man who could do the right no matter what the fight.
I uh I wish I knew a man who could do the right :no matter what the fight.

Verse 2

Jesus threw the moneychangers from the temple with all of his might,
He would do the right, no matter what the fight.
Jesus healed the lame, and the blind, He would do right,
Yes, He would do right, no matter what the fight.
