MAD MAN

Music and lyrics by John R. Rudisill, Teresa Hall Rudisill, and Leslie E. Bruggeman

Verse 1

Tortured and torn, all alone with these demons inside me,
I walk the tombs and the hills day and night they won't leave me.
Chains tied me down I'm too strong to be bound none could hold me.
Shunned by the world, I am filled with despair none could help me.

Chorus

I will tell the things, great things Christ has done, how He had compassion,
for a man who was shunned, how He loved me so.

Verse 2

Cutting myself in despair I cry out as I wander.
Legion in number my demons grow stronger and louder.
Warring inside of me, tearing my soul, I'm no more.
Needing a savior, someone who can open the door.

Chorus

Verse 3

Jesus is near so I come from my cave to confront Him.
Jesus approaches, surprised I see no fear in Him.
He calls my demons to come out of me, they reply,
"What do you want with me, Jesus, the Son of the most high?"

Chorus

Verse 4

The demons beg Jesus, don't torment or send us away.
Jesus all knowing, all loving, healed me on that day.
He cast out my demons they rushed to the sea and were drowned.
Restored, a disciple, I tell of the power of God.

Chorus
