

I'LL WALK BESIDE YOU

Music and Lyrics by John R. Rudisill & Leslie E. Bruggeman

Verse 1

As I look back upon my life I always seem to think of You.
How you gave me precious life and always seemed to see me through.
There were times I did-n't know just where to turn.
But each time You helped me to learn.

Verse 2

In my life, I lost a son, he meant the very world to me.
But You helped me see that he belonged to eternity.
There were times I didn't know just where to turn.
But each time You helped me to learn.

Verse 3

In my life, I lost the love of my wife to another man.
I asked what was wrong with me and searched for how it all began
There were times I didn't know just where to turn.
But each time you helped me to learn.

Chorus

I'll walk beside You, each and every day.
And I will guide You, every step of the way,
For I will love and care for You through life's cold wars,
You are my child forever more.

Bridge

When you walked through fire, I was there.
In your darkest hour, I am here.

Chorus

I'll walk beside You, each and every day.
And I will guide You, every step of the way,
For I will love and care for You through life's cold wars,
You are my child forever more.
