

We'd Get Lost

Music & Lyrics by Leslie E. Bruggeman & John R. Rudisill

VERSE 01

I was her best friend, and she was mine.
One of those lov-ing peo-ple, thought it would last all time.
Who would have thought, we'd get lost.

VERSE 02

At first I craved your per-fume. And the way you wore your hair.
You liked my fast cars and crui-sing with me eve-ry where.
Who would have thought, we'd get lost.

VERSE 03

I saw her with some-one else with a big smile on her face.
If she could have just seen my tears. She might just come back
Who would have thought We'd get lost.

CHORUS

Slapdab in the middle of the road.
She put on her brakes and she slowed her row
Who would have thought that, we'd spin, out of con-trol
I guess these days an-y-thing goes.
