

Goodbye

Music & Lyrics by John R. Rudisill & Leslie E. Bruggeman

VERSE 01

You looked so fine, your make-up just right,
you blew me away, it was love at first sight.
I knew that, we were made for each o-ther.
Our love was so sweet, you were so in to me
I felt like we had such good chem-is-try,
I tho-ught we'd, be to-ge-ther for-ev-er.

VERSE 02

I did-n't say much, when you call-ed him a friend.
You said he was lon-ely, just nee-ded a hand.
All you say is, you know that I love you.
I just went along, I try to pre-tend.
You left me here, now I'm so-lo a-gain.
All I know is, I'm fee-ling the strain.

VERSE 03

I've gi-ven you chances, I've walk-ed a straight line
I just want-ed your love to be there all the time
All you say is, you know that I love you.
And I ne-ver want-ed to be com-pared
to the many nights that you may have shared
with some-bo-dy, some-bo-dy that used you.

CHORUS

I'm not be-ing cruel, but I won't be your fool,
I won't back down when you come back around, I'll say
Baby, this time it's good-bye.
This time it's good-bye
This time it's good-bye
