

Country Life

Music & Lyrics by Leslie E. Bruggeman & John R. Rudisill

VERSE 01

Found me a girl who fine to the eye.
Pret-ty blond hair, and blue eyes like the sky.
And she's all mine, love be-ing next to her
Walk through the fields of hay and green clo-ver
I bend down, and lift her on my shoul-ders
When she smiles, I tell her I love her, oh and I

VERSE 02

Gotta' keep up with this farm life living.
So much work, that I want to go fish-ing.
when it's so hard, I see her stand-ing there.
Daddy says she's cute and she looks like trouble.
Mamma says she's pretty, but won't stay forever.
Friends all say, she's way out, of my league, Oh and I

CHORUS

Love me, my little country girl.
Farming my land, building up dreams with me.
Oh And I love me, my little country girl. Hangin' out with me,
It's par-a-dise, our coun-try farm-ing life.
